Ex-Confederate Revisits Pensacola and Talks of First Visit There.

W. C. Dodson, head of the Dodson Printers' Supply Co., of Atlanta, Ga., who is well known in Live Oak and is a warm personal friend of the editor of the Democrat, was in Pensacola the other day and his presence there is referred to in this interesting manner by the Journal of that city:

"W. C. Dodson, founder and present executive head of the great Dodson Printers' Supply Co., of Atlanta, Ga., arrived in Pensacola yesterday and is spending today here looking over old scenes with which he first became familiar nearly 48 years ago, when as a boy soldier in the Confederate army he began his war service here by helping burn down the navy yard buildings.

"Mr. Dodson came to Florida for the purpose of re-equipping the Milton Star

plant which was burned in the fire there last week. He does not often go out on the road himself, but his fondness for Florida impelled him to make the trip even though one of his traveling men was in the office at the time. Mr. Dodson came down from Milton on the boat yesterday morning and it was the first time he had made the trip in 48 years.

"In December, 1861, he was visiting relatives in Milton when he decided to enlist in the Confederate army. He took a fishing boat at what is now known as Bay Point, but what was then known as Jake's point, and sailed down to Pensacola on his way to Mobile to enlist. The geography of the bay and surrounding country looked practically the same to him, Mr. Dodson says, as when he sailed the same route on that memorable December day of nearly 48 years ago.

"Today Mr. Dodson will visit the navy yard and the forts and renew acquaintance with the scenes which impressed themselves upon his memory when the land was rent by war in the stirring days of '61."
